The MEDC held its first Business Breakfast Meeting on July 31, 2008. Fellow business owners and MEDC members joined Executive Director, Amy Furfori to discuss views and needs for continuing successful business in Montgomery. Updates on important projects and issues likely to impact their businesses were discussed. Adam Roth, Director NAI Global Logistics, NAI Hiffman spoke regarding the Montgomery Rail Center and its impact on the future growth of this area relating to rail transported via the Burlington Northern Santa Fe (BNSF) Railroad.

There was discussion pertaining to the much needed Orchard Road improvements. According to Kane County, Montgomery's Orchard Road improvements are currently scheduled for completion by 2011, which allows time for land acquisitions.
